Chairman Scientific Committee

Dear Sir / Madam,

Shri Ganapati Netralaya, Jalna, proudly presents the CME program "No More Double Trouble: Squint & Myopia" on 1st and 2nd November 2025.

This two-day academic feast is designed to provide a comprehensive understanding of squint and myopia management - from fundamental principles to the most advanced clinical and research perspectives.

Day 1-"Basics of Squint and Advanced Orthoptics," offering insights into the evaluation and management of ocular motility disorders.

Day2- "Myopia in Children: From Early Detection to Advanced Management," emphasizing the latest evidence-based strategies and innovations in myopia control.

This program aims to bring together renowned experts and leading clinicians from across the country, creating a unique platform for learning, discussion, and collaboration. Participants will gain hands-on knowledge, practical tips and exposure to real-world case discussions.

Join us to be a part of an enlightening academic journey towards improving pediatric and refractive eye care outcomes.

For Registration

Registration Fees : INR 500/-

PG's / Fellows: Complimentary but mandatory

A shared accommodation available for Pg's & Fellows on First come First serve basis at a INR 500 /person.

Contact us : 9421660134 / 9421517327 (9am - 5pm)

Mail: admin@netralaya.org

Day 1: Saturday, November 01, 2025		
Squint Examination - Clinical and Advanced Orthoptics		
Moderators : Dr Prajkta Bhansali, Dr Jagruti Gulhane & Dr Nidhi Latkar		
Expert Panelists : Dr. Deepak Garg, Dr Jitendra Jethani & Dr Bhaskar Khaire,		
Time	Session	Speaker
12:30 - 01:45 PM	Registration & Lunch	
02:00 - 02:30 PM	Session I: Sensory Examination in Squint • Visual acuity testing in strabismus • Fixation pattern & preference • Binocular vision assessment (Worth 4-dot, Bagolini, Stereopsis) • Suppression & abnormal retinal correspondence	Dr Jitendra Jethani
02:30 - 03:00 PM	Session II: Motor Examination in Squint • Ocular motility assessment • Cover test, prism bar cover test • Measurement of deviations (near & distance) • Secondary deviations & A/V patterns	Dr Deepak Garg
03:00 - 03:30 PM	Session III: Hess & Diplopia Charting • Principles of Hess charting • Interpretation of patterns • Role of diplopia charting in paretic squints • Case-based demonstration	Dr Yogesh Jaybhaye
03:30 - 03:45 PM	Tea Break	
03:45 - 04:30 PM	Session IV: Advanced Orthoptic Work-Up • Synoptophore usage • Fusion, vergence amplitudes • Accommodation-convergence relationships (AC/A) • Role of modern orthoptic devices/software	Dr Vrushali kale
04:30- 05:30 PM	Panel Discussion / Case Presentations • Case-based discussions • Faculty interaction with delegates • Key take-home messages	All faculties
05.30 PM	Closing remarks	
Join us for an enriching academic experience!		

Day 2: Sunday, November 02, 2025		
"Myopia in Children: From Early Detection to Advanced Management"		
Moderators	: Dr Pooja Rathi, Dr. Deepansha Gupta & Dr. Aditya Baweja	
Expert Panelists	: Dr Jitendra Jethani, Dr. Sunaina Malik, Dr. Archana Vare Dr. Dnyanoba Darade & Dr. Trupti Gadiya	
Time	Session	Speaker
08:00 - 09:00 AM	Registration & Breakfast	
09:00 - 09:20 AM	Session 1: Myopia : A new world pandemic Problem magnitude with complication	Dr Vaishali Une
09:20 - 09:40 AM	Session 2 : Myopia Progression - A Theory of everything in myopia	Dr Uday Naik
09:40 - 10:00 AM	Session 3: Atropine a wonder drug A Basic theory& Literature	Dr Rajeshwari Pardeshi
10:00- 10.15 AM	Session 4: Compliance to Low dose atropine Effect of LDA on loss of accommodation	Dr Vrushali Kale
10:15 - 10:30 AM	Tea / Networking Break	
10:30 - 11:30 AM	Inaugural Session	
11.30 - 12.00PM	Session 5: Premyopia: A enemy lurking behind the front Concept of premyopes and how to evaluate	Dr Jitendra Jethani
12:00- 12:20 PM	Session 6: Refraction in myopia Peripheral refraction and accommodation faculty Demo	Dr. Yogesh Jaybhaye
12:20 - 01:00 PM	A Quiz with Surprise Gifts: Dr Vrushali & Dr Rajeshwari	
01:00 - 02:00 PM	Lunch Break	
02:00 - 02:20 PM	Session 7: Lifestyle & Environmental Modifications Role of Outdoor Activity & Near Work Limitation	Dr Hemant Anaspure
02:20 - 02:45 PM	Session 8: Setting up a Myopia Clinic & future direction Infrastructure, Equipment, Protocols & Patient Flow	Dr Jitendra Jethani
02:45 - 03:00 PM	Session 9: Open Discussion Practical Challenges in Myopia Control in Indian Context	
03:00 PM Onward	Valedictory Function & Hi-Tea	

Medical Director
Dr. Rushikesh Naigaonkar

Associate Medical Directors
